Aspiring engineering undergraduate, I'm keen on expanding my Machine Learning expertise. I was recently introduced to this dynamic field, and my passion drives me to learn and grow continuously. Armed with a solid foundation in mathematics, statistics, and programming, I'm eager to contribute to real-world ML projects. With a strong work ethic and a collaborative spirit, I thrive in challenging environments. Seeking hands-on experience, I'm excited to connect with industry professionals and further hone my skills.

## EDUCATION

### Bachelors of Technology,Computer Science

*Vidya Jyothi Institute of technology*

- *CGPA:8.14(currently)*

### Intermediate

*Narayana Junior College*

- *Percentage:91.8*

### SSC

*All Saints' High School*

- *CGPA:9.5*

## SKILLS

### Programming Languages
*C, Python, Java*

### Build Tools
*Git ,Github ,MS Office ,MS Powerpoint ,MS Excel*

### Technical Skills

*HTML ,CSS ,JS ,ReactJS ,Machine Learning ,Data Analytics*

## COURSES

- *Machine Learning for All by University of London*
- *Python Certification by Hackerrank*

## PROJECTS

### Portfolio Website

*Built a portfolio website using HTML,CSS,Javascript*

### WhatsApp Analytics

*Built a Machine Learning model which analyzes the chat on WhatsApp*

## EXTRACURRICULAR ACTIVITIES

- *Member Yukti Team(Event Organizing Commitee):2021-2022*
- *Member of PR Team in Developers Student Society @ VJIT:2023-2025*

## PARTCIPATION

- *Smart India Internal Hackathon 2023*
- *.National Level Hackathon 2023 @ VJIT*
- *.National Level Hackathon 2021 @ VJIT*
- *Data Science Workshop in association with E-Cell IIT-KGP*
- *Blockchain bootcamp by GirlScript Foundation in Mahindra Uni versity*
- *.Machine Learning Bootcamp in VJIT*
